

# Mehdy Mokhtari

Full-Stack Developer

+98-910-420-1197 | [mh.mokhtari7@gmail.com](mailto:mh.mokhtari7@gmail.com) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## SUMMARY

Final-year Computer Engineering student (GPA: **18.21**/20, konkoor: **68th**) with full-stack development experience in Java, Spring Boot, React, and REST APIs. Built projects including an Article Management and restaurant reservation platform covering frontend, backend, database design, and integration. Proficient in Git, Docker, and software engineering best practices. Seeking a Junior Full-Stack Developer role to contribute to production software and grow as an engineer.

## EDUCATION

|                                                                                                                                                                                                                                                                                                                                                  |                             |

## TECHNICAL SKILLS

---

**Languages:** Java, Python, SQL, JavaScript, HTML5, CSS3

**Frameworks & Libraries:** Spring Boot, React, JPA, JWT, REST APIs, Django

**Database:** PostgreSQL, MySQL, MongoDB

**DevOps & Tools:** Docker, Git, GitHub Actions (CI/CD), Maven, Linux, WordPress

**Software Engineering:** Scrum, Kanban, Microservices, RESTful Design, MVC Architecture

**Testing:** JUnit

## RELEVANT COURSEWORK

---

**Database (SQL):** Quera

**SQL Server:** Daneshkar

**Next.js:** Daneshkar

**Linux:** Quera

**Front-end Development:** ACM UT

**Docker:** Daneshkar

**Hooks & Design Patterns:** Daneshkar

**Network+:** Faradars
